COMPUTER ENGINEER

Dedicated Computer Engineer with expertise in .NET and teaching. Eager to innovate and inspire in tech.

WORK EXPERIENCE

.NET Trainee | Cedar Gate Services Pvt Ltd   May 2023 - present
- Actively engaged in software development using .NET technologies.
- Proficiently involved in unit testing with xUnit for maintaining code quality and reliability.
- Continuously expanding knowledge of the .NET framework and its various components.

Assistant Lecturer | Kailali Multiple Campus   Aug 2022 - April 2023
- Started teaching BSC CSIT students at KMC College in August 2022.
- Subjects: Operating Systems, Object-Oriented Programming with C++, C Language, and Microprocessors.

TECHNICAL SKILLS

- Proficient in C/C++, JavaScript, and C#.
- Experience in both SQL and NoSQL Databases.
- Software Development Methodologies
- Version Control System
- Documentation with doxygen

PROFESSIONAL COMPETENCIES

- Teaching various computer science and IT subjects with real-world examples.
- Strong academic background in Computer Engineering and active in academic conferences.
- Multilingual (English) and skilled in time management, reliability, and problem-solving.
- Student-focused, positive attitude, eager to share knowledge, and a collaborative team player

EDUCATION

Purwanchal Engineering Campus(ERC) | Dharan   2017 - 2022
- Studied Computer Engineering
- Aggregate Score: 70.14%

Liverpool International College | Baneshwor,Kathmandu   2015 - 2017
- Studied +2 Science
- Aggregate Score: 81.4%

RESEARCH PAPER/PARTICIPATION

- Participated in the 9th International Conference on Advanced Engineering and ICT Convergence 2022, Jeju Island, South Korea, with my teammate as a presenter for our paper entitled 'Social Distancing Violation Detection'.
